

# Establishing a Home Learning Environment

## Establishing a Home Learning Environment

What are some school expectations that I can reinforce at home to extend the school environment to my home?

### Clinton Core Values:

Be Respectable

Be Responsible

Be Safe

How can I help my child focus on their learning activities and persevere when needed?

- Create a daily routine so your children always know when it will be time to focus on learning.
- Review daily assignments with your child and develop a plan as to when each will be completed.
- Have your children set academic and social & emotional goals prior to working.
  - Examples: What will you do if you get stuck? How can I help you?
- Ensure your child is receiving adequate sleep and is well-rested when they begin their school work.
- Keep device screens within your view and monitor screens anytime children are working online to ensure they are actively engaged in the digital school work and resources provided.
- Provide your child with frequent encouragement and reminders as needed.
- Allow your child to take a movement or sensory break every 30-60 minutes at regular intervals.
- Once your child is done working for the day, ask them to reflect.
  - Examples. What did you learn today? What did you accomplish today? What did you find challenging today?

How can my child get support and assistance if they are unable to complete a task or are confused?

- Re-read the task with your child.
- Have them text or call a friend from the class to discuss the assignment.
- Reach out to the teacher through email or virtual office hours which was emailed to all families.
- Have your child email the teacher to set up a Google Meet to help clarify the assignment.
- Call the school and leave a message. We will have the teacher contact you.
